

# St Mary's College Toowoomba

Providing quality Catholic education for boys since 1899

## iPad Tips & Tricks – Bookmarks Bar

Safari on the iPad comes with a **Bookmarks Bar** that you can use to quickly access your favourite web pages. By default this is displayed when you go to type something in the address bar. To make the **Bookmarks Bar** visible at all times, go to **Settings** then **Safari**. Turn on **Always Show Bookmarks Bar**.
