

# St Mary's College Toowoomba

Providing quality Catholic education for boys since 1899

## iPad Tips & Tricks – Create New App Icons

You can add a new app icon for any website to your home screen. Whilst browsing in **Safari**, tap the  button and then tap **Add to Home Screen**.

Some websites supply an icon; if not then a screenshot of the current view is used. Tapping this new icon launches **Safari** and takes you to that website.
