

iPad Tips & Tricks – Emoji Emoticons

Emoji Emoticons are available to use with your iPad. These can be used to add a bit of personality to your messages. 😊

You need to add the Emoji keyboard to access them. Open Settings, General, and then Keyboards.

Choose International Keyboards and then Add New Keyboard...find and tap Emoji to add it to your keyboards.

To access Emoji when you are typing, tap the globe until you see the Emoji icons, select an icon to add it to your message. You can add recently used icons by tapping the clock icon at the bottom of the screen.
