

iPad Tips & Tricks – Find on Page

If you're looking for a certain work on a website, you can do a quick search for it.

Tap the search box and type the work you are looking for. At the bottom of the suggestion box is the option **On This Page**.

Tap **Find "word"** and the work will be highlighted throughout the website page. You can then search for other words by entering text in the **Find On Page** box above the keyboard.
