

St Mary's College Toowoomba

Providing quality Catholic education for boys since 1899

iPad Tips & Tricks – Quick Mute

If you want to mute your iPad, don't have to press the **Volume Down** button on the side of your iPad repeatedly. For quick mute, simply press and hold the button.

You can even do this while the screen is in sleep mode.

To turn your iPad back up, press the **Volume Up** button and the sound will return.
